

SHIPPING SCHEDULES

Flat rates result in excess shipping charges to customers. Hello Wood will calculate your shipping charges precisely. Please call us to prevent overcharges. Use these schedules only if necessary.

FURNITURE SCHEDULE APPLIES TO:

Map Stands Control Chart Stands Tables Chairs

Bell Cabinets Shelving Stand for Sandpaper Letters

These items are heavier and/or bulkier than Classroom materials and incur higher shipping fees.

TOTAL THE COST OF ALL FURNITURE ON YOUR ORDER AND ADD 25% OF THAT FIGURE FOR SHIPPING. WE WILL REFUND ANY OVERPAYMENT TO YOU UPON FINAL FURNITURE SHIPPING.

CLASSROOM MATERIALS SHIPPING:

Please note that shipping cost is calculated using the actual shipping rate plus \$5 per box. The schedule below is only a general estimate and any overpayment will be refunded. We will ship UPS or USPS depending on the thriftiest method. UPS will not deliver to P.O. Boxes. In order to facilitate UPS shipping, Furniture items may require some assembly.

Glass Bead Materials *New*****

When Maria Montessori originally designed the glass bead materials, their beauty called to the child. She used glass so that the child would sensorially experience the weight of a unit bead compared to a thousand cube. Our glass beads are historically correct, structurally sound and beautiful to behold. They feature jewelry-grade round beads on a thick brass rod.

Map & Puzzle Replacement Pieces

Laser Cut Maps & Puzzles: We now laser cut all of our maps and puzzles! This change took place at beginning of 2003. If you are not sure, look around the **inside edge** of the frame. If it is blackened all around then you have a laser cut map. Our LASER CUT map pieces can be replaced by just telling us the map and piece name! Be sure you request the correct name as labeled in our controls, call if not sure!

OLDER MAPS & Puzzles: WE MUST HAVE THE WHOLE MAP OR PUZZLE TO ASSURE A PROPER FIT!

Tiny Tables

These tables have become very popular! They are 12" deep, 14" wide and 5" high and weigh less than 6½ lbs.

Use this Table for recording when your students are doing their math or language exercises on a rug. They are small enough for a student to carry.

WARNING: CHOKING HAZARD – Small parts. Not for children under three years.

These educational materials are designed to be used with teacher supervision.

Lap Tables

This is the perfect solution for classrooms that have limited space. Made of quality Baltic Birch plywood, it only weighs around 8 lbs. and is easily assembled by young children. For storage, it folds flat to only 1" thick. By self-assembling this table children learn to follow sequential instructions and improve motor skills. They will also enjoy using the simple tools included for assembly (mallet and wedges). Included with each Lap Table is a one page pictorial only instruction on how to set up the table and, for elementary students, text only instructions.
